Registration Information 2019

GENERAL INFORMATION

The objective of this course is to enable service technicians to become certified on the Commander: Site Controller solution in order to complete new installations, warranty and repair work and perform software upgrades.

- Prior to registering for the Commander: Site Controller VASC Classroom Certification program students must have successfully completed the Commander: Site Controller VASC Pre-Course Certification. This packet will allow the user to register for the classroom certification only.
- The Commander: Site Controller Pre-Course may be registered for on Verifone's Premier Portal. The registration link is found under the Learn tab and Register for Training link. Alternatively, you may fill the packet manually and fax your request. The packet is located under Learn and Petro Training Information.

Commander: Site Controller VASC Classroom Certification

- The Commander: Site Controller VASC Pre-Course must be completed within 90 days of the VASC attending the classroom certification. Should a student not attend class within 120 days of completing the pre-course exam, the pre-course must be purchased again at full price and the student will need to pass the pre-course exam again prior to attending class.
- The Commander: Site Controller VASC Classroom Certification is 4 days in length; 3 days of classroom training and 1 day for the certification exam. Each day will include 2 short breaks and a lunch break.
- Concepts delivered in pre-course are expanded upon in class. As a result, students will need to study the pre-course materials heavily. It is expected that students know the pre-course material prior to attending class.
- All classes and documentation are in English.
- Cancellations made 15-30 days before class will result in the option to reschedule or the tuition will be credited to your account. **Cancellations (or rescheduling) made 14 days or less in advance of class date will result in forfeiture of tuition.**
- Please remember all expenses, including hotel, meals, and transportation are the responsibility of the attending student.
- After each day of school, it is the technician's responsibility to contact their supervisor or manager to discuss the day's events and practice test scores. If an instructor observes the technician is performing below the standard or if the instructor feels the school is beyond the technician's comprehension, the instructor has the right to call the supervisor or manager to advise the student discontinue the training.
